| *Cullen Bullen Public School is committed to the provision of a high quality teaching and learning environment which is inclusive, engaging and supportive. We are committed to personal excellence, individual strengths, a love of learning and a capacity to achieve.* | *Cullen Bullen Public School is situated 25km north of Lithgow. The school was established in 1875 and is central to a number of coal mines and related industries. The school is well resourced and has excellent facilities including tennis court, a small school bus, vegetable gardens and an iPad for every student. Teaching and support staff are strongly committed to improving outcomes for students and work in partnership with an instructional leader to support student learning in both literacy and numeracy. Teacher quality continues to be a focus with a strong emphasis on engaging teaching and learning programs and student engagement. A small but committed P&C committee operates in close partnership with the school and meets monthly.* | *The 2015-2017 school plan has been determined through a consultation process which has included:*  
  - Collection and analysis of data.  
  - Consultation with P & C and endorsement of the school vision and three strategic directions.  
  - Student and parent surveys.  
  - Staff consultation and input into plan development  
  - Consultation with students on a number of aspects of schooling including engagement and satisfaction at school.  

Emphasis has been placed on analysis of school data, current practices and school processes with aim to determine evidence based decision making, shared vision between stakeholders and shared ownership of the 2015-2017 school plan.*
School strategic directions 2015 - 2017

Each strategic direction will:

- define the key improvements which combine for the school to achieve excellence
- represent a high level and future-focused educational priority which is evidence based and data informed
- be a succinct statement that drives the development of the school's educational and organisational leadership culture
- make explicit links to the dimension of the school excellence framework.

Excellence in teaching and learning

Purpose:
To inspire excellence in teaching and learning through quality educational practices and focused professional learning. This will promote high quality and personalised learning environments where all students are encouraged to become successful, confident, lifelong learners.

Student engagement and inclusivity

Purpose:
To develop a culture of engagement, love for learning and eagerness to participate in school life through provision of engaging, inclusive and project based learning experiences. This will ensure that every student is actively engaged in purposeful learning.

Future focused community partnerships

Purpose:
To encourage meaningful community partnerships which foster a culture that is trusting and supportive. This will enhance the school's strengths and effectiveness to ensure sustainability.

- 100% of students with additional support needs are provided with Individual Learning Plans prepared in consultation with parents.
- Increased student participation in Kindergarten to school transition programs
- Increased numbers of students attending school excursions and out of school events

## Equity Funded Strategies
- School Leaders attend leadership course for student leaders
- School funds certificates, medals, trophies and morning teas in recognition of excellent attendance and positive behaviour.
- School funded excursions subsidised

## People
### How do we develop the capabilities of our people to bring about transformation?

### Students:
Students are supported to achieve through personalised programs and extracurricular activities that take into account the student needs, strengths, talents and aspirations.

### Staff:
Staff will be supported to design high quality, engaging teaching and learning programs that develop the skills, knowledge and general capabilities of students reflected in new syllabus documents.

### Parents/Carers:
Expectations including attendance and behaviour targets will be clearly communicated to parents. This will promote shared understanding, high expectations and positive contributions towards school culture.

### Community Partners:
Community partnerships will be established to support the delivery of tailored programs to engage students.

### Leaders:
Develop processes to lead whole school improvement and collaboratively plan and consult with professional learning communities to build teacher and leadership capacity across the WGEc.

## Processes
### How do we do it and how will we know?

#### Change and action achieved by:
- Implement engaging teaching, learning and extracurricular activities to enhance student experiences, inclusivity and engagement.
- Articulate clear expectations for learning and behaviour to students, teachers and the community to foster positive and supportive relationships between stakeholders.
- Publicly and consistently acknowledge student and school achievements

#### Evaluation includes:
- School based assessment data
- Continuum progress
- Reading and PLAN data
- Parent, staff and student surveys (Tell them from me)
