School staff are strongly committed to improving literacy, numeracy and technology outcomes for all students. Teacher quality is a focus with a strong emphasis on student engagement and innovative and engaging teaching and learning programs.

Cullen Bullen School has a PP6 classification and receives equity funding through Transitional Equity Funds. The school population generally fluctuates between approx. 18 and 30 students and is currently at 19, 3 of whom are of Indigenous heritage.

A small but committed P & C Association operates, with a range of traditional activities conducted over the year along with participation in supporting students and staff in reactionary and newly determined focus areas. Historically Cullen Bullen was established as a mining town, local industry today is headed by coal mining and electricity production. The school benefits critically from close ties with surrounding businesses and local communities.
